

Serial No. 10/738,417

16. A CO<sub>2</sub> neutralizing system for use against terrorists and/or hostage takers within a confined space, said system comprising
- a source of CO<sub>2</sub> which has an odorant mixed therewith to create a false impression of the nature of the gas,
- manual non-explosive means to create an opening in said space,
- and means to deliver said CO<sub>2</sub> from said source into said space,
- said means to deliver said CO<sub>2</sub> operatively connected to said means to create an opening.
